

OMERS Administration Corporation Priorities, OMERS Sustainability and Impacts of CPP Enhancements

MEPCO is hosting a Concurrent Session at the 2016 AMO Annual Conference:

When: Monday, August 15, 2016
3:30 – 4:45 p.m.

Where: Caesars Windsor – Forum C
377 Riverside Drive East, Windsor Ontario

Speakers: James Koo, *Actuary, AON*
George Cooke, *OMERS Administration Corporation Board Chair*
Marianne Love, *OMERS Sponsors Corporation Board Co-Chair and AMO Representative to OMERS*

Those attending the AMO Conference are invited to take part in this session and learn more about the sustainability of the OMERS Pension Plan.

The Plan's long-term health is fundamental to the retirement of thousands of municipal employees. How do we ensure that the Plan can deliver on its pension promise and be affordable for employers?

You will learn more about:

- Key OMERS priorities
- Sustainability challenges
- How changes to the Canada Pension Plan will affect OMERS

Individual municipal councils have virtually no opportunity to directly influence decisions made by OMERS. Yet, an OMERS contribution rate change can have a major impact on local budgets. MEPCO provides the opportunity for municipal employers to pool resources and speak with one strong, well-informed voice.
